Kimmi read from face book some glowing remarks that were said about Bob and Carol and the work they have done for almost a decade. Zoomers can never thank them enough for their devotion to the club. Bob and Carol will continue to be members and have already signed up to help at Hands Across the Harbor and the Lamarque 5K. Bob and Carol will also continue to go to some of the meetings that Kimmi can't make due to her work schedule. We hope to see the Geyers running races instead of working all of them. Bob reported that he is going to the final meeting for Hands Across the Harbor. Work being done at Gilchrist Park might cause the race route to be altered. It was reported that Zoomers has been asked to be part of the Shark's Tooth 10K even though another timing company with a chip system will be do the actual timing of the race. Zoomers will be helping in other capacities. Kimmi will be speaking to Karen Haynes to get more information. It was also reported that the YMCA Healthy Kids run and the Girls on the Run spring race will be joined together. Last year they were separate races on the same day. This year we are excited to report they will be united into one race on Saturday, April 28th at the Charlotte Sports Park.

Bob also reported that all the paper work had been sent into secure a loan for RCAA the chip system voted for at the November 2011 meeting. Bob felt that we should have word back shortly from RCAA about the low interest loan. Members are very excited about the chip system. The system will be utilized at all the large races once it is up and ready. The first races of 2012 will be timed with our present system.
